Presenting

THE KILLICK 1969

Cape Cod Preparatory School
Mashpee, Massachusetts

Dedication

We, the class of 1969, dedicate this yearbook to Mr. Robert Kammler whose unfailing assistance and quick wit helped carry us through many rewarding days.

The SENIOR CLASS

Headmaster's Address

Dear Graduates,

Science has brought the world alarmingly close together. The crucial implication of this fact is that the great problem for the future of mankind inherited by your generation will be learning how to live in harmony and peace with other people in other lands. Hopefully, you will make some constructive contribution toward increasing understanding, cooperation and mutual trust in the world. And may this thought apply to all your relationships with people, whenever possible, from your family to the community in which you live and so on to the world at large.

The classes of 1968 and 1969 have been wonderful classes. May life hold for each of you opportunity, challenge, success and happiness. May your higher education enhance your understanding, widen your views, give breadth to your vision, and support those spiritual values which ultimately give the only authentic meaning in life.
